Fastest Growing Pharmaceutical Company

BUSINESS
PLAN & PROPOSAL

EXECUTIVE SUMMARY

At Alverstone Drug House, we are committed to ensuring access to high-quality, affordable medicines for patients in need. Built on the guiding principle of "Caring for Life," we have established ourselves as a trusted partner in the healthcare industry. Our humanitarian approach and deep-rooted community connections drive us to create a healthier future through innovative solutions and unwavering dedication. Since our inception in 2020, we have rapidly grown into one of Kerala's most reliable pharmaceutical companies, expanding our reach across South India. Specializing in critical care and cardiac care injectables, our high-quality, affordable products have earned the trust of healthcare providers and patients alike. By consistently delivering reliable and cost-effective solutions, we have cemented our reputation as a leader in the pharmaceutical industry.

With a forward-thinking approach, we prioritize research, product expansion, and advanced manufacturing. Our vision includes establishing world-class production facilities, fostering innovation, and maintaining the highest standards of quality and ethics. A highly skilled workforce and collaborative culture ensure operational excellence, driving our progress toward transformative healthcare solutions.

Our presence spans across South India, serving over 1,800 hospitals and 12,000 doctors in various specialties, including surgery, orthopaedics, gynaecology, cardiology, nephrology, and general medicine. By offering high-quality medicines at accessible prices, we reinforce our commitment to improving healthcare outcomes. Emphasizing efficiency and discipline, we continuously innovate to address the evolving needs of healthcare providers and patients.

The pharmaceutical supply chain in Kerala faces significant challenges, with high transportation costs inflating medicine prices. To combat these issues, we are regionalizing production through our advanced manufacturing facility, improving accessibility and affordability. This initiative positions us as a key player in strengthening Kerala's pharmaceutical infrastructure.

While competition exists from regional and multinational corporations, our focus on critical care injectables and in-house production ensures a cost-effective, responsive supply chain. By maintaining compliance with stringent regulatory standards, we enhance product safety and reliability, further strengthening our market position. Growing consumer awareness of domestic manufactured medicines offers us a distinct advantage in Kerala's evolving healthcare landscape. Innovation remains at the core of our growth strategy. Byinvesting in advanced technologies and exploring new healthcare trends, we stay ahead in an ever-changing industry.

Sustainability is integral to our mission, as we optimize resources, minimize environmental impact, and create long-term value for stakeholders. Looking ahead, Alverstone Drug House is set for significant expansion, introducing branded products in new markets and launching retail pharmacy operations under "Alverstone Pharmacy." Our diverse portfolio will include allopathic medicines, herbal cosmetics, childcare solutions, dietary supplements, and more. By evolving with market demands, we aim to extend our reach and uphold our commitment to high-quality, affordable healthcare solutions.

Our journey is defined by care, commitment, and progress, as we continue to impact the healthcare ecosystem positively. With a steadfast focus on innovation and accessibility, we are building a healthier future for communities across Kerala, South India, and beyond.

CORE LEADERSHIP

Mananging Director
Rijas Rehman

"We must consider not just the needs of individual patients but also the collective health of our communities"

Director
Muhammed Uvaiz N

"Study with intensity before starting, and you're on the wayz refuse to surrender to obstacles"

VISION

Our Vision to be become a valuable global pharmaceutical company by continuously researching, Developing and manufacturing a wide range of pharmaceutical products complying with high regulatory standards. To deliver affordable branded medicines for a healthier future.

UAE PHARMA TRENDS

The United Arab Emirates government is actively focused on developing technology and advancement in the pharmaceutical industry. Several initiatives were taken within the country like Dubai Industrial Strategy 2030 and Abu Dhabi Vision 2030 are focused towards developing the pharmaceutical industry due to its future growth prospects, export potential and midterm to long-term economic impact. In recent years, majorly the pharmaceutical demands were fulfilled by imported drugs and products. Therefore, the market players are increasing their manufacturing of pharmaceutical products, thereby initiating strengthening bonds with multinational market players. The government is preparing favourable schemes and plans for the distribution channels and funding strategic locations and sophisticated logistics infrastructure to further strengthen the growth of the UAE pharmaceutical market in the future five years.

Government Initiatives

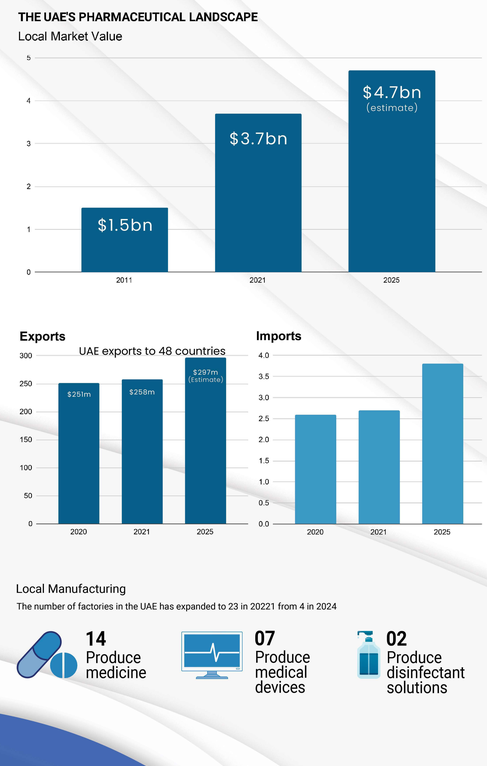
The UAE's government's initiatives to increase and improve healthcare access will be aided by rising support from the business sector. The National Unified Medical Record system and the Public Health Management platform, both aim to use digital health solutions to foster collaboration between the public and private sectors while promoting and monitoring public health initiatives, and improving the overall provision of healthcare, that has been introduced by the UAE's Ministry of Health and Prevention over the course of 2021. According to the International Diabetes Federation, in 2021, out of 1000s, about 990 Emiratis were suffering from diabetes. Additionally, the growing research and development activities in the pharmaceutical industry are projected to augment the growth of the UAE pharmaceutical market in the forthcoming years.

DOMESTIC MARKET - UAE

Pharmaceutical sales reached USD 3.5 billion in 2020. The UAE's pharmaceutical sales have been growing at a CAGR of 7 per cent over 2017-2020. In 2021, pharmaceutical spending is expected to reach USD 3.7 billion. The UAE exported USD 1.1 billion worth of pharmaceutical products in 2020.

The UAE pharma market is projected to be worth $4.7 billion by 2025.

UAE HEALTH INDEX



The United Arab Emirates (UAE) is a rapidly developing country composed of a multinational population with varying educational backgrounds, religious beliefs, and cultural practices, which poses a challenge for population based public health strategies. A number of public health issues significantly contribute to morbidity and mortality in the UAE. The findings of a panel of medical and public health specialists from UAE University and various government health agencies commissioned to report on the health status of the UAE population. Over 60% of the population is overweight, 20% of the population has been diagnosed with diabetes and a further 18% is considered at risk of develoing diabetes, and cardiovascular diseases accouned for 38% of all mortality

The panel reviewed and evaluated all available evidence to list and rank (1=highest priority) the top four main public health issues:

1)cardiovascular disease accounted for more than 25% of deaths in 2020
2) Injury caused 17% of mortality for all age groups in 2020'
3) Cancer accounted for 10% of all deaths in 2010, and the incidence of all cancers is projected to double by 2020.

ALVERSTONE IHED LLC

Capturing the market potential of the UAE pharma industry, Kerala's fastest-growing pharmaceutical company Alverstone Drug House (P) Ltd is gearing up to establish its international presence on Arabian soil.

We are excited to present a proposal outlining the strategic steps and considerations for successfully entering the international market. Our company has extensive experience in the pharma business and can provide the expertise and support necessary to ensure a smooth and profitable entry into new territories.

1. Market Research and Analysis
2. Market Entry Strategy
3. Legal and Regulatory Compliance
4. Localization and Adaptation
5. Distribution and Logistics
6. Market Penetration and Promotion
7. Risk Assessment and Mitigation
8. Performance Measurement and Adaptation

The plan encourages the sale of company-branded products to enhance market presence. Alverstone Pharmacy will be set up to increase customer awareness. It will offer different services and drugs. Through the combination of branded products and pharmacy services, the company seeks to enhance customer loyalty and access to healthcare. The emphasis is on creating a trusted community brand.

1. Allopathic Medicine (Cardio Diabetics & Critical Care Products)
2. Cosmetic and Fragrance Products (Herbal)
3. Childcare
4. Disinfection product
5. Feminine care product
6. Parental care product
7. Dietary supplements containing multivitamins and minerals

The process of choosing the appropriate product is undertaken with the utmost degree of careful attention and deep insight into detail, ensuring that every single detail pertinent to the choice is carefully assessed and considered. This thorough process entails undertaking thorough surveys of the products, as well as undertaking rigorous marketing research studies, both of which are undertaken under the watchful eye and expert guidance of highly experienced and skilled marketing experts who have a vast amount of knowledge and experience in the field. Along with these critical processes, a thorough and strategic business plan has been carefully developed, with the main objective of greatly increasing the company's presence and influence within a relatively short period of time. This aggressive growth plan will be made possible through the establishment of partnerships and collaborative agreements with top insurance firms based in the UAE, accomplished through the use of innovative and effective promotional strategies coupled with creative marketing ideas that excel for their excellence in the competitive market.

The company has its eyes set on launching its operations within the Arab world by establishing a clearly defined and carefully structured plan that aims to achieve an impressive revenue goal of 67 million dirhams within a short period of just 5 years. This aggressive goal is not only a significant challenge but also a testament to the strong vision and unrelenting determination that characterize their thorough business strategy, reflecting their strong commitment to attaining growth and success within this highly competitive market environment.

Investment Meet-up August 2020

The remarkable journey of Alverstone Drug House (P) Ltd, a company born amidst the challenges of the 2020 pademic. Despite a difficult economic climate, we secured crucial seed funding from a group of visionary investors in 2020. With their support, we have navigated a dynamic market environment, achieved significant milestones, and positioned ourselves for continued growth. Alverstone Drug House (P) Ltd was founded in 2020 with the vision of owning a Pharmaceutical Manufacturing Plant. Recognizing the potential of higher demand for pharmaceuticals, we embarked on this journey with a passionate team and a clear mission. Securing online funding of 5,000,000 five million Rupees from a distinguished group of investors, including was a pivotal moment. Their confidence in our vision provided the critical resources needed to launch and establish ourselves.
